The Hideaway Beach Resort & Spa is located on the crescent-shaped island of Dhonakulhi in the north of the Maldives, 290 km from the capital Malé and belongs to the Haa Alifu Atoll. Characteristic features are unique quietness, comfort and privacy on 297,000 square meters. 103 spacious villas in ten categories were built at a great distance from each other in evergreen tropical vegetation and in the turquoise blue lagoon. A personal butler is available in almost all categories and fulfils all guest wishes. The culinary diversity is reflected in four restaurants and bars. To explore directly from the beach is a paradisiacal house reef for divers. Hideaway Beach is the only hotel in the Maldives with a fully equipped harbour. It also offers the largest rum and whiskey menu in the Maldives and is home to "The Spa at Hideaway Maldives", the diving school "Meridis Dive & Relax" and the professionally supervised Kids Club.
